Accomplishments of the North Yukon Regional Planning Process

1. Governance

Sustained Commission member commitment

Engagement/consensus building within Approval Parties Integration of Chapter 11 Agencies (YLUPC, PWPC, NYPC)

2. “Planning Partners!”

3. Planning and planning Tools

Biophysical mapping (ELC work)

Landscape Management Units/Land Designation System

GIS Analysis

Caribou Winter Habitat and Concentrated Use Areas

ALCES Scenarios (addressed Cumulative Effects)

4. Information Products

Regional Information Database (Resource Assessment Reports)

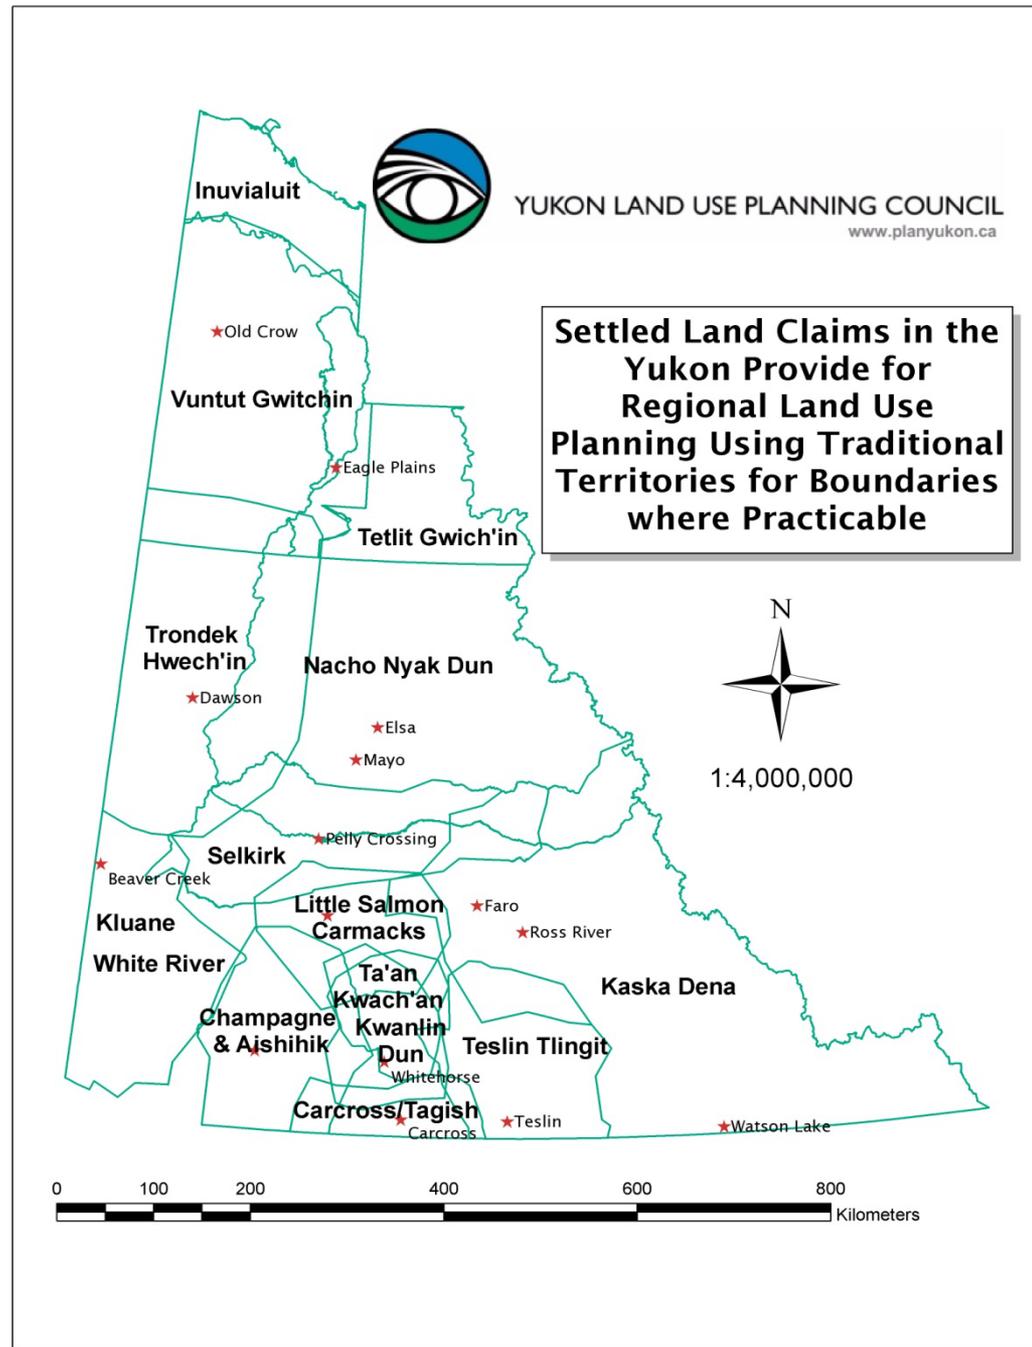

5. Final Recommend Plan to the Parties (First under Chapter 11)

Challenges

- Planning Regions and Boundaries
- Money (\$7.4 Million for all the Territory, \$4.1M left)
- Lack of a Response and Decision Making Processes for Council's Recommendation
- Peel Conflict
- Lack of Additional Agreements Related to Chapter 11: IPR?, No legislation, No framework
- Lack of Clarity on Roles and Responsibilities:
e.g. the Post Plan Role of the Commissions, Council as Overseer

Regional Planning Commission Activity

Future of Regional Commissions

Common Challenges to Commission

Commission have Struggled with:

- Their “politically neutral” nature and the Approval Bodies (political bodies)
- Land Designation System
- Landscape Management Units
- Operational Policies (Bylaws)
- Financial Administration/Human Resources

Planning Succeeds IF

- The Commission become “High Performing” Agencies: Learn to make Decisions Together
- The Staff competently completes its work under the Direction of the Commission
- The Approval Bodies have respectful communication, harmonious relations and strive for consensus on the Plan

CLUPP Improvement

- Organizational structure and process that would take the “weight of the world” off the Regional Commissions: more responsibilities to the Council, the Parties and other UFA Boards.
- Planning process changes that better define the perimeters of the work of the Commission before they begin: More upfront agreement between approval Parties

CLUPP Improvement

Yukon Land Use Framework (Strategy) - Regional Commissions
Terms of Reference plus Parties MOU - Work Plan and Budget –
Financial Agreement

Plan Development without Plan Alternatives and/or Draft Plan

Information Collection and Resource Assessment: Reduce
Increase focus on Regional Scale Impact Assessment
